EXTENSION OF APPROVAL

Sub: Extension of Approval of M/s Venus Wire Industries Pvt. Ltd, Khopoli for Manufacturing of Welding Consumable Brands

The approval of the following welding consumable brands manufactured by M/s Venus Wire Industries Pvt. Ltd is hereby extended for supply to NPCIL for non-nuclear applications, as detailed below. This extension is granted as interim approval. M/s Venus Wire Industries Pvt. Ltd. shall complete the renewal process before expiry of the extended approval period.

Kindly note that within the approval period, vendor will be subjected to periodic audit by NPCIL or his authorized personnel. Based on the performance in the audits, renewal of approval will be continued upto the validity period. This renewal of approval will also be reviewed in case any qualification problem is brought to our notice.

It is to be noted that this letter is issued for manufacturing of the consumable brands as listed below, as per NPCIL Procedure (No: QAD/Proc./Welding Consumables/002) and SFA 5.9 of ASME Section II Part C for Non-Nuclear (Conventional) applications. Batch manufacturing and testing is to be performed in both cases of applications i.e. Nuclear and Non-Nuclear use, for each batch/lot of consumables to be supplied for NPCIL jobs as per referencing ASME code and/or purchase specification. It is to be noted that for Nuclear Jobs, Level of Testing shall be Schedule "K" and Lot Classification shall be Class C3 as defined in SFA 5.0 1 of ASME Sec IIC. For conventional jobs, lot classification and level of testing shall be as used during this approval process.

List of Approved Carbon Steel And Low Alloy Steel Electrodes for Non Nuclear Application
